# **WE DO NOT MAKE FUR COATS**

*We BUILD Them to Your Individual  
Measure*

---

¶ Years ago when we started in business we determined to build our reputaion on the solid rock of excellent workmanship. To this end we decided to build every coat to the wearer's individual measure.

¶ Every coat is a new proposition to us. We employ no wholesale short cuts to quick production. It has our undivided and exclusive attention. We have but one object in mind, and that is that it should fit the particular person for whom it is intended, in the way that she wants it to be.

¶ In addition we put all those fine touches, all the extra stitches, and the finishing which ensures that the coat will wear well and look well for years after it leaves our shop.

¶ Thus to build a coat to your individual measure means a lot of extra work for us, but we are rewarded when you become a satisfied customer.

# FISKE O'HARA

Fiske O'Hara, smile and all, is an early booking at the Walker. "Jack of Hearts" is the title of the latest O'Hara success and is the work of DeWitt Newing. It is a charming comedy in a prologue and three acts, refreshing and sane. full of nature and fine humanity. There are also brilliant wit and comedy situations in abundance. The smiling Fiske will have several new songs to offer which are sure to be sure fire. Augustus Pitou directs the tour and makes the production, which means that prodigality of scenic equipment and perfection of the supporting company will be fully maintained.
